# ... But you can bet the journey won't always be easy.

Donna Edwards coaching her son Jared's Pee Wee basketball team

**"... like being a single mom without health insurance."**

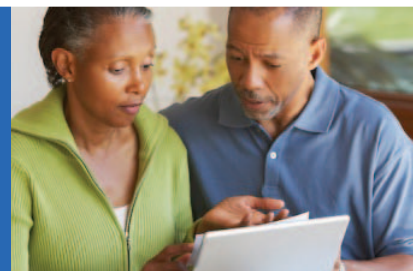

*"I know what it's like to wake up without health care coverage; to go without health care for myself in order to cover my child; and to find myself in the emergency room without sufficient health insurance – even though I had a fulltime job. No family should have to make those choices."*

- Donna Edwards

**Donna Edwards will work to ensure that our families won't have to worry about the price of health care in the future.**

**In Congress, Donna Edwards will:**

- ✓ Take on the insurance and drug companies so all Americans receive quality, comprehensive and affordable health care.
- ✓ Fight to enact a prescription drug law that helps our families and seniors, not the big drug companies.
- ✓ Ensure that the State Children's Health Insurance Program is fully funded so every child receives the health care they need.

**"... or when health care costs threatened to overwhelm me."**

*"I understand the challenge of living paycheck to paycheck. For most of us, our homes are our security and greatest investments. I will fight to put the laws back on our side to strengthen our communities."*

- Donna Edwards

**Donna Edwards knows that it is hard work to raise a family – especially as a single mother.**

**That's why in Congress, Donna Edwards will fight to:**

- ✓ Provide federal assistance to help homeowners restructure their mortgage loans and avoid foreclosure.
- ✓ Crack down on predatory lenders and credit card companies, sky-high interest rates and outrageous fees.
- ✓ Repeal the Bush bankruptcy law that hurts working families.

# DONNA EDWARDS

DEMOCRAT FOR CONGRESS

**"... as a public interest advocate, I'm ready to work with you to bring real change to our communities and Congress."**

- Donna Edwards

**Donna Edwards has spent her career fighting for the public good – against wealthy corporate special interests.**

**Throughout her career, Donna has been fighting for change:**

- ✓ Co-founded and served as the first executive director of the National Network to End Domestic Violence and received national recognition for her leadership in the successful fight to pass the Violence Against Women Act.
- ✓ Led efforts to reform our campaign finance system and lobbying laws, first with Public Citizen, then as executive director of the Center for a New Democracy.
- ✓ Took on the big pharmaceutical companies by coordinating a national grassroots effort that demanded they open their markets for less expensive generic anti-arthritic medications.
